

# HOW DID THIS START?

On Saturday, June 8, ICE tried to kidnap workers at a Home Depot in the Paramount neighborhood of LA.

The people of Paramount got wind of the abduction and arrived en masse to block the Home Depot parking lot.

Pigs—local and federal—ordered them to clear out so ICE could go and snatch their victims. The people refused.

The pigs opened fire. THE PIGS STARTED THIS.

The GOP wants you scared. The Democrats want you scared.

Standing together against the state – against the government owned by the ruling class – is the only way we can bring an end to this white-supremacist terrorism.

When the GOP tells you to stay home, don't listen. When the Democrats tell you to do a peaceful sit-down wave, don't listen.

The ruling class only understands one language: the language they use on us at every opportunity.

Stand with your working class siblings.

PROTECT THEM.

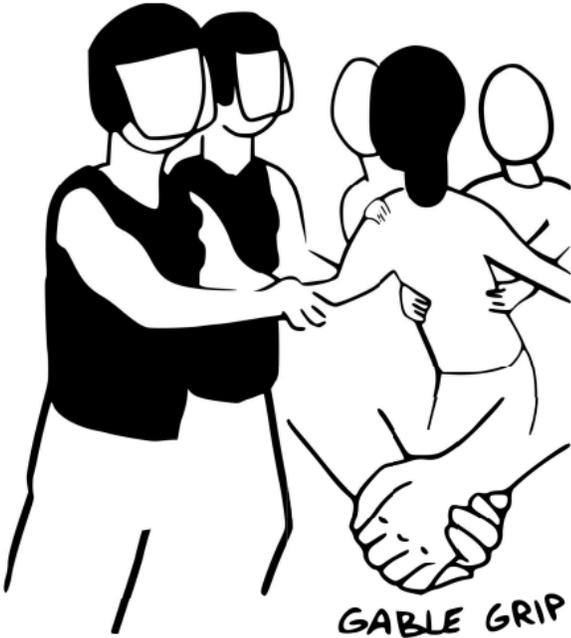

FUERA ICE!
